## Course Focus

**This year's Ski & Learn event explores treatment options for managing tooth fractures, focusing on decision-making between tooth preservation and extraction.**

This event aims to enhance our understanding of endodontic, restorative, and surgical interventions, equipping attendees with the latest techniques and insights to provide patients with the highest standard of care.

## Course Agenda - 7 CE Units

### Day 1 (Feb 7): How to Save a Tooth?

- 2:00-2:15 PM: Opening Remarks
- 2:15-4:15 PM: Endodontic Management of Traumatic Fractures (Dr. Karine Charara)
- 4:15-4:30 PM: Break
- 4:30-5:30 PM: Restorative Design for Tooth Preservation (Dr. Jose Viquez)
- 5:30-7:00 PM: Cocktail Reception 🍷

### Day 2 (Feb 8): What to Do When We Can't Save?

- 2:00-2:15 PM: Introduction
- 2:15-4:15 PM: Saving Teeth in the Era of Pulling Teeth (Dr. Rodrigo Neiva)
- 4:15-4:30 PM: Break
- 4:30-5:30 PM: Plan B (Dr. Jose Viquez)
- 5:30-5:45 PM: Closing Remarks

Decision-making for fractured teeth: preserve or extract.

Cutting-edge endodontic, restorative, and surgical techniques.

Network with top dental professionals.
