

MODULE III

Boost your professional career in dentistry to new levels by becoming a Master in Laser Dentistry.

The Laser and Health Academy (LA&HA) offers a comprehensive Master's Program that provides everything you need to know to become a skilled laser specialist.

Key benefits of the LA&HA Master's Program include:

- 200 hours of active training by high-level industry experts and skilled professionals in multiple fields of dentistry
- Module-based training in a supportive and highly functional educational setting with the most efficient and up-to-date laser technologies
- Hands-on clinical training sessions with close supervision at advanced and highly experienced dental laser centers.

MODULE III INSTRUCTOR

Dr Ilay Maden, BDS

periodontist from UK

Dr. Ilay Maden BDS, MSc, PhD, Perio. Spec. Dr. Ilay Maden studied dentistry and completed his PhD in periodontology at the University of Istanbul, Turkey. He also received a MSc degree in Lasers in Dentistry from Aachen University, Germany in 2007 before moving to the UK in 2016. Dr. Maden is a lecturer for the Lasers in Dentistry MSc program at the Aachen Dental Laser Centre at Sigmund-Freund University in Austria in addition to being a Faculty Expert at the Masters' Program at the Laser and Health Academy.

After practicing mainly periodontology and implantology for 15 years as an associate at several private practices in Istanbul and the UK, he has his practice in London since 2018. Dr. Maden has led hundreds of theoretical and hands-on courses teaching laser dentistry around the world and has been a speaker at numerous international congresses on lasers since 2007. He is a member of the International Society of Laser Dentistry, the British Medical Laser Association, the European Federation of Periodontology, the European Academy of Osseointegration, the Turkish Dental Association, the European Federation of Periodontology, the Turkish Periodontology Association and more.

Ilay Maden is also a certified life coach. With his experience in running his business and now MBA studies, he serves as a life and business growth coach.
